SUBJECT: ChamberPAC 2009 Campaign

Today, we are kicking off the annual ChamberPAC fundraising campaign. I have already made my own personal contribution to ChamberPAC and I hope you will do the same. It is our goal to have everyone participate in this important campaign.

ChamberPAC is the bipartisan political action committee of the Pennsylvania Chamber of Business and Industry. It supports campaigns of candidates who believe in our right to compete on an equal basis in the financial marketplace. Every year, I contribute because I count on ChamberPAC to support legislators who will have a positive affect on our businesses future.

Business need to present a unified front in Harrisburg, ChamberPAC's strength lies in the involvement of business leaders like us. By pooling our contributions with hundreds of other PA Chamber members across the state, we can make the voice of business in Pennsylvania even stronger.

Thank you for your support.

Sincerely,

CEO
